**\*ISS Movie Matinee**

**Sunday, February 28<sup>th</sup>, 4:00 pm, 103 Talbot Lab**

Come join ISS to watch Event Horizon, reputedly one of the scariest movies ever made!  
Teaser Synopsis: The year is 2047 and a ship named the Event Horizon has re-appeared after disappearing 7 years prior, in experiments for faster than light travel. A rescue hastily speeds to the returned vessel after a transmission was picked up from the ship, garbled, but vaguely resembling a human voice. As the crew reaches the ship, and spends longer on it, it appears that someone or something is toying with them, and more, the question is what has the Event Horizon become?

**\*AIAA Officer Elections for 2010-11**

**Wednesday, March 3, at 7:00 pm, Room TBA**

AIAA will be holding officer elections at their next meeting. Being an officer in AIAA gives you great opportunities to build your leadership skills. If you are interested in a position, complete the attached application form and email to Joel Houston at [houston3@illinois.edu](mailto:houston3@illinois.edu). Outrageous food and drinks will be available so please attend to elect our new officers. If you have further questions, please contact Joel Houston at the above email.

**\*AIAA Region III Conference**

**Abstract Deadline: Wednesday, March 3**

Purdue will be hosting the Annual Region III Conference this April. For those of you who wish to attend the conference please register at <http://region3.aiaastudentconference.org/control/content/page/welcome>. There is no registration fee for members wishing to attend the conference and all attendees will receive meals on both Saturday April 10th and Sunday April 11th free of charge. I encourage all members to register on our website and attend the conference, it will be a great experience. If there are any questions feel free to contact Luke Mitchell at [mitchel5@purdue.edu](mailto:mitchel5@purdue.edu).

Important dates include:

Papers Due: March 17th

Registration Deadline: April 2nd

Conference Dates: April 10th and 11th

**\*Student Recipients of Prizes & Awards**

**Submission Deadline: Wednesday, March 3, 2010**

Students who have won prizes or awards during the 2009-2010 academic year and will receive your degree at the end of this semester, please email Brett Clifton at [bclifton@illinois.edu](mailto:bclifton@illinois.edu). He

will need the complete title of the award and your full name. This information will appear in the 2010 Commencement Program.

**\* NASA Undergrad Research Opportunity Program – Application Deadline Extended**

**Deadline Extended: Friday, March 5, 2010**

NASA's Illinois Space Grant Consortium (ISGC) is happy to announce that its 8th Undergraduate Research Opportunity Program (UROP) will take place this summer. UROP is a program designed to cultivate and support research partnerships between undergraduates and faculty members. All projects focus on NASA-related science and engineering research. We would like to invite highly-motivated sophomores, juniors and seniors as well May 2010 graduates with a **GPA of 3.0 or higher to apply** to participate in UROP.

For further information and to apply, go to: <http://www.ae.illinois.edu/ISGC/urop/index.html>

For information about other NASA internship opportunities, go to:

<http://www.ae.illinois.edu/ISGC/researchprog.html#nasa>

**\*The Center for Space Nuclear Research (CSNR) Fellowship Program**

**Application Deadline: March 12, 2010**

The Center for Space Nuclear Research (CSNR) invites undergraduate and graduate level students to experience cutting-edge research in nuclear power and propulsion technologies through our Summer Fellowship Program. As a CSNR Summer Fellow, you will work as part of a team of students and with scientists at the Idaho National Laboratory (INL) to complete a research project of current interest to NASA in potential nuclear technology performance. The Summer Fellows program allows participants to experience a real research environment, to learn from top-notch nuclear scientists, and to preview careers in research.

The roughly 10-week program runs from May 2010 to August 2010. Fellows will receive a weekly stipend to cover living expenses of \$500, \$600, and \$700, for undergraduate, master's level, and PhD level students, respectively. Assistance with travel expenses to a maximum of \$1000 is also included. The CSNR intends to subsidize partial or full housing expenses depending on funding availability.

Undergraduates must have more than 50 credit hours to apply. Foreign national students will be considered if enrolled in a US based university.

For further information: <http://www.csnr.usra.edu/> or Kristi Martin at [kristi.bailey@inl.gov](mailto:kristi.bailey@inl.gov)

**\*AE Tutoring Sessions**

**Monday-Thursday from 5:30-8:30 pm, Room 319M Talbot Lab**

The tutoring sessions will begin on Monday, January 25, 2010. The tutors will help with all technical courses. All students are welcome to use the tutoring sessions or if you just need a quiet room to study. If you have further questions or concerns, please email Barb Kirts at [bkirts@illinos.edu](mailto:bkirts@illinos.edu)
